Rank Promotions / Acknowledgements

"More than a rank or status, the Black Belt represents an attitude and a state of mind. It is a spirit or mindset that no challenge is too great, no goal unreachable, and no task too difficult if one works hard and is patient – it is for the long haul. If done properly, a truly earned Black Belt is someone who carries past mistakes, failures, trials, and tribulations as a steppingstone to create the best version possible of themselves." – unknown
